We try hard to provide an efficient and well-run tournament. We will run separate ladies' brackets assuming we have enough to make it work. Tournament is run on Trackwrestling.

We have nice facilities with two gyms adjacent to each other that allow for a comfortable and efficient event for both teams and fans alike. There is also a nice area of artificial turf between the gyms where teams can set up canopies or just lounge (weather dependent). There will be a great snack bar with plenty of good food available

Please respond early to assure your team a spot. If you have any questions let me know
