160,170,HWT}

***** These events are open to Pre-K - 8th grade wrestlers who are in their first or second year of wrestling and not ready to compete in a regular tournament.*****

The purpose of these rookie events are for young wrestlers to gain valuable mat time and experience outside of their own practice facility and in a low pressure environment.

Wrestlers will be grouped to provide at least 3 matches. Matches will have one continuous clock with 1 minute periods. The mats will be divided into sections so that multiple matches occur at the same time on the same mat to maximize mat space and time usage.

Please have wrestlers stay at their assigned mat so that tournament staff can keep the tournament on schedule. Past events finished 2.5 hrs and averaged 150+ wrestlers.

Weigh-ins are conducted by your head coach the week of tournament (Honor system). Weigh your wrestler prior to registering and key in their actual weight during the online registration process. This weight will be collected for bracketing.

Remember, these events are for learning purposes and valuable mat time that many young wrestlers need, it's not about winning and losing, only LEARNING! There is no placers and no medals awarded at these events.

Our hope is to see many young wrestlers so that we can continue to grow this great sport and continue to change lives!
