Blue Valley cares about the health and well-being of its students, staff, parents and community. Scientific evidence shows that tobacco products are dangerous to our health. With this in mind, the Board of Education approved a revised Tobacco-Free Environment Board Policy (6840). The policy states that smoking or the use of tobacco products is prohibited in all district-owned buildings, on all grounds and at athletic facilities, in district-leased facilities, on school buses and in all vehicles owned and leased by the Blue Valley School District. This policy prohibits the use of all forms of tobacco, both smoking and smokeless tobaccos.
