SEEDING: This is JV so we will slot wrestlers at random and try to not have the same schools wrestler each other in the 1st rounds. If a wrestler placed in the top 3 at any sub-regional event last year this is

not the tournament for them. This is for JV wrestlers! You can enter as many wrestlers per weight class as you want...not a 2-person limit per weight class. This event is to allow kids to have fun and get more time on the mat.

These events will be run on track wrestling so all wrestlers need to be already entered into track wrestling. The coach's meeting will be for dropping wrestlers or moving them to a different weight class only. Not for reseeding. Officiating will be by league officials.

The girls tournament will be separate from the JV boys. There is a team or individual fee for each.

Bring your weigh-in sheets with you in accordance with the WIAA rules. We should have 2 trainers on-site but bring your own first-aid supplies and tape if your wrestlers need that.
