Consolation Semifinals

Finals/3rd Place Matches (2 mats)

Seeding:

1)Region Champions will be seeded 1-4 based off the following criteria

- A) Overall Record and Winning Percentage
- B) Head to Head Wins

2) The region runner-ups will be placed in the bracket by random draw in the side opposite their region champions.

A) If the region 5 champion is the #1 seed, the Region 5 runner up will be placed in the bracket on the other side of the bracket. Runner Ups will be seeded 5-8 on the other side of the bracket from Region Winner. Remaining Seeds will be seeded after 1-8 are set. If there head to head out of region wins, the runner ups will still remain on the opposite side of the bracket.

The rationale is to separate the best wrestlers in the weight class. If the two best wrestlers are from different regions , then seeding the tournament should alleviate that problem. If the two best wrestlers are from the same region , placing the runners up opposite the champion should alleviate that problem.

There will be a concession stand open throughout the tournament. Also I will send another email a little closer to the tournament with a link for parents to buy tickets and with information for bus parking as well as where to place your coolers. Plus information about district rules.
